www.TITANTRAILER.com
Titan Trailer is proud to offer optional Polylast™ flooring in all of our horse and stock trailers. Composed of 100% recycled rubber and a patented finishing process, Polylast™ flooring has numerous advantages over rubber mats and shavings. Unlike cleaning rubber mats, there is never any reason to remove the flooring system and no need for bedding, simply hose it out. The floor itself is extremely durable and comes with a 7 year transferable warranty. Polylast™ benefits both owners and horses by reducing noise, cushioning the horse, creating a thermal barrier, and remaining non-slip even after extended use.

For more information about the benefits of Polylast™ flooring, consult your dealership or visit www.polylasthorsefloors.com.

- **7 Year Warranty**
- **Quieter with Better Traction**
- **Permeable (Self Draining)**
- **Microban Antimicrobial Technology**
